Golf Course Frontage \$755,000

- Open plan home situated on a 944 block
- Gourmet central kitchen great for entertaining
- Timber decking overlooking the Golf Course and gardens
- Huge 4 car garage plus workshop

6559 3230

Looking for a Sea Change? \$635,000

- Open plan living area and 9 foot ceilings
- Sunny deck with a Northly aspect for winter
- 3 bedrooms plus study or 4th bedroom
- Huge under house storage area or that wanted man cave

📧 hallidayspoint.ljhooker.com.au

Investment Opportunity \$675,000

- Two large bedrooms upstairs with ensuite to the main bedroom
- Two bedrooms downstairs which is rented out separately.
- Fantastic ocean views & northerly aspect
- Five minute walk to the beach

Development Potential

- Located in the heart of Forster only minutes' walk to the lake
- Development Approval to build a two storey motel
- Main road frontage
- 822 square metres

📧 Shop 3 Village Square, Hallidays Point

Hallidays Point Community Liaison and Progress Association Inc. (CLAPA)

I was taken to task by one correspondent this week who questioned the accuracy of last month's meeting report presented in the last edition of News of Our World concerning "the skatepark".

I apologise for my error when I stated that there was unanimous support for the skatepark.

However, the meeting was opened up for discussion with every opportunity for people to speak.

From those discussions, it was clearly the case that the point of disagreement was over the proposed locations not the actual establishment of a skatepark.

As chair I called for confirmation of that and then asked for an indication from those who were against a skate park in any location.

I have been informed by the correspondent that there were 6 in attendance who were against the skate park which was contrary to my observation.

Two previous meetings when the subject of a skatepark was raised, there were no objections at those well attended meetings regarding establishment.

CLAPA took on a liaison role, to enable people to talk about the proposal openly and consider the pros and cons regarding proposed locations, so that there is an appreciation of the positive views of enthusiasts but with an

understanding of the views of others who are less enthusiastic and whose concerns are genuine and legitimate.

The position of CLAPA is that any decision regarding a skate park is a matter for Council because as I have stated previously, CLAPA is not a decision maker in the use community land.

I will say however, that often decisions of Council will not have unanimous support of a community, particularly when there is a "put in the neighbours back-yard" opinion cast by community members.

Whatever the result of Council's decision, I hope that this great community can work together with Council to manage the situation if there is approval, but if not approved, then work with the skate enthusiasts to find another solution.

I am proud of the achievements of CLAPA in our short life and I stand by my stated view when calling for its formation, that smaller communities like ours can easily be lost in the larger body that is the amalgamated Mid Coast Council, unless we have a communicative and liaison body such as CLAPA, so that we aim up together as a community, no matter what challenges we face.

The great result and support of this community with its massive voting effort to secure state funding for the toilet block upgrade near the surf club, shows what a smaller community can do, when we communicate and work together.

The News of Our World promotion, the leadership from Dr Bruce White our Surf Club President in the voting push had an effect, but once again, it was our community who responded to help ourselves, not wait for someone else to do it that set us apart from the rest of the Council area.

Congratulations!!!!

Alan Tickle, President, CLAPA.

Hallidays Point Skatepark Committee

was created many years ago by a group of parents and kids that wanted to see more recreation facilities for the youth of Hallidays Point. The mission has remained the same to this day and thanks to Councillor Kathryn Bell has now come to the point where we are so close to council making a decision.

Thanks to the community for the survey responses that we received. We were overwhelmed with over 620 replies. All information was documented and forwarded to MidCoast Council for consideration.

We consider ourselves very lucky to live in a community that can work together to overcome any issues we may have, to better our area. By working together, we aim to bring more people into our community to enjoy our magnificent coastline, swim in our pristine waters, picnic at our parks, walk on our pathways, explore our reserves and admire our amazing views. Adding a skate park to our area will only improve our community centre by catering for all ages. A safe space to ride bikes, scooters and skateboards. A creative space that encourages kids away from the ever growing vacuum of devices and technology. A place where parents, grandparents and carer's can sit and enjoy watching the talents of our youth or pick up their own choice of wheels and join in the fun. Even a place to drop the kids while you stroll through our monthly markets (May - Sept).

On behalf of the Hallidays Point Skatepark Committee, we thank you, our Hallidays Community and we look forward to the upcoming ventures once councillors have made their decision.

To stay up to date on all the latest news, upcoming events or speak to us directly please follow our Facebook page fb.me/hallidayspointskatepark or email us at hallidayskatepark@gmail.com

Thank you, Hallidays Point Skate Park Committee

Bizarre Thoughts on Skatepark

With reference to the article published in the September 2019 issue of the News of our World, I feel the context and conclusion are questionable.

Seemingly the facts are:-

1. The proposed Skatepark will take up 10-12 car spaces maximum - not as the article states " a lot"
2. Exit from the Western end of the park will not be affected at all.
3. If the loss of 10-12 car spaces on the 9 times a year the Bazaar is held(weather conditions permitting) spells the end of the Bazaar - one wonders how it has been so successfully run over the past 28 years when only 388 or 390 cars turn up.

Me and half a dozen others have helped the Senior Citizens with their BBQ at the Bazaar over the past few years - all of us are in favour of a Skatepark at either mooted location and we do not think the article portrays an accurate picture of the situation.

We, as Parents and Grandparents, have an obligation to cater for the younger generations and providing a healthy outdoor facility such as the Skatepark is one excellent way.

Breck Muir BVSc

Myall Lakes Chooses My Community Projects

Member for Myall Lakes Stephen Bromhead has announced the winners of the My Community Project with applicants now able to bring their ideas to life.

Three projects put forward and voted on by the local community, will now be funded by the My Community Project program.

The successful Myall Lakes projects are:

- New public toilets at Blackhead Ocean Pool \$122,251
- Playground upgrades for Pacific Palms Public School \$79,500
- Chatham High School Street Food Project \$42,500

Mr Bromhead thanked all applicants for taking the time and effort to develop their ideas and promote their projects along with the members of the community who voted.

Acting Treasurer Damien Tudehope said My Community Project was a great example of real grassroots democracy in action and the projects chosen to receive funding reflected the wishes of the people.

Black Head Pool Toilets

The NSW Government released an unusual grant system earlier this year. This was based on 2 rounds; the 1st a typical selection one to pick the best 20 projects in the Myall electorate, with the second round to define the final 3 that would be provided funding. The 2nd round was not selected by Council or government but by people in the Myall electorate going online and voting for the project they felt was most deserving of funding.

The Black Head Surf Club submitted a project on behalf of Hallidays Point that would allow us to completely renew the public Council toilets at the east of the Surf Club.

The voting process was unfortunately difficult, even for people using a computer each day, yet many in the Hallidays area, particularly at Halliday Shores, persevered resulting in our project winning funding, (and by a country mile). This means that at the end of the summer we can get to work to fix these toilets, once and for all. This is a great example of Hallidays Point residents getting together and working for our community. Well done!

Dr Bruce White, President, Black Head SLSC

Improvement Works to Target Tallwoods

MidCoast Council engineers are preparing to undertake drainage remediation works in Grangewood Avenue Tallwoods, and the construction of a permanent roundabout at the entrance to Tallwoods Village, with both projects soon to commence.

Kicking off first, works will commence to replace a damaged culvert, located 160m west of The Boulevard on Grangewood Avenue. In this project, existing stormwater and road infrastructure will be removed, a new stormwater drainage system installed, and the road pavement will be reconstructed and sealed.

To undertake these works safely and efficiently, Grangewood Avenue will be closed to all traffic for up to a four week period, weather permitting. A detour via The Boulevard, Hilltop Parkway, Tallwood Dr and The Pulpit will be in place and clearly signposted.

“Damage caused by flooding has seen local traffic reduced to a single lane, so reinstating the culvert will be welcome news for Tallwoods residents,” said Rhett Pattison, MidCoast Council’s Manager of Projects and Engineering.

“It has also been an opportunity for us to design a new drainage system that will reduce the risk of future flooding and damage in the area.”

A second Tallwoods project will follow, commencing in October.

The existing roundabout, at the intersection of Blackhead Road and The Boulevard, was installed as a temporary fixture by the developer of Hallidays Point Caravan Park and is now due to be replaced. Along with a safer passage into and out of the village centre, the newly constructed roundabout has been designed to cater for projected traffic volumes and provides a more aesthetically pleasing welcome to the area. The scope of works includes construction of concrete medians and resealing the road pavement approaching either side of the roundabout, a section totalling approximately 300m in length.

“As a connector route through to Hallidays Point, Blackhead Road carries a significant volume of local and holiday traffic,” Rhett said.

“To minimise disruption, these works have been scheduled to commence after the busy October long weekend.”

Works will continue through to early December, weather-permitting. Motorists are asked to observe roadworks signage and directions from crews while works are underway in both locations, and to travel with caution in the area.

For more information and to stay updated on the progress of these important Tallwoods projects, or to search for roadworks taking place near you, visit www.midcoast.nsw.gov.au/roads

These projects are part of MidCoast Council’s commitment to improving infrastructure across the region.

Money Matters

Tax Trap with Pre-Retirement Pensions

Transition to retirement superannuation pensions commonly known as TTR pensions are pensions taken from superannuation funds that are commenced while a person is still employed. They can be commenced once a person reaches their superannuation preservation age.

Prior to July 1st, 2017, the earnings in the fund did not attract tax, however, from July 1st, 2017, the fund earnings were taxed at 15% in the same manner as accumulation superannuation. Unless the pension provider is informed that the recipient is retired that tax would continue to be deducted until they reached age 65.

Retirement does not necessarily mean that the pension recipient stops working completely, but they need to be able to declare that if they are still employed, that they are working less than 10 hours per week, with no intention of seeking further employment.

I’ve come across a couple of cases recently where there was a TTR pension in place while they were employed, however they took retirement before age 65 but had not taken the step of informing the fund. The tax deducted by the fund in those circumstances can be significant and I’m sure most people would agree that it’s OK to pay the tax that is due, but it doesn’t sit comfortably paying tax that should not apply.

Timing Retirement:

A common question that is posed to taxation agents or advisers, is what date they should they retire? The question often relates to minimizing tax on long service leave or accrued leave by finishing up in a new financial year.

For others with limited retirement assets, eligibility for the age pension can have a bearing on the retirement date.

Age Requirements for the pension:

Those born;

From 1 July 1952 to 31 December 1953 - 65 years and 6 months

From 1 January 1954 to 30 June 1955 - 66 years

From 1 July 1955 to 31 December 1956 - 66 years and 6 months

From 1 January 1957 onwards - 67 years

What is not often realised, that once a person reaches age 65, despite being employed full time, they can access superannuation, even though the Centrelink age pension is now creeping towards age 67. Accessing superannuation while still employed at age 65, can be a significant retirement strategy. Cashing in part of the superannuation, then re-contributing up to the concessional cap to claim a tax deduction becomes an option but this also enables the withdrawn amount to be re-contributed up to the non- concessional cap, as undetectable.

Utilising this re-contribution strategy can potentially save thousands of dollars that might otherwise apply in death benefit tax, should the final superannuation beneficiary be a non-financial dependent, such as adult children.

To be effective, it is generally best to have a separate fund for the un-deducted contributions.

Disclaimer: This information is of a general nature only and should not be relied upon without first seeking individual advice from a financial adviser or taxation professional.

Does Anyone Know this Man? Follow Up

to John Finnie, Editor

Just want to comment on your article regarding the man cleaning debris to lessen the fire hazard, not to mention tripping hazards. I feel he should continue to do this wonderful voluntary work if he so wishes. Congratulations to such a thoughtful caring person.

Regards, Margaret Lawson

Hi John,

He is sure doing a darn good job. I give him every credit for thinking safety, tidiness and visual appeal. Ants, for goodness sake, they will survive better than the person who comes to grief on the ground litter! Not to mention a possible lawsuit to follow! In fact, this guy needs a standing ovation for taking initiative and showing pride in what has become a pleasant area to wander and exercise. I say keep it up and let's build a team around him. There are many parts of the community needing a pride lift.

Cheers, Don Clough

Hi John,

Read the article in the last edition of News our World, I too have seen this man working with wheelbarrow and rake on his own. At the time I had no idea what he was actually doing. To his credit he has seen something that needed doing and undertaken the task himself. He definitely needs to be complimented and thanked, not criticised for work resulting in a tidy, clean and safer pathway. I am confident there is plenty of bush left for the "little insects".

Thanks, Ellen Spencer

Monthly Book Review

My Sister the Serial Killer by Oyinkan Braithwaite

My Sister is a witty and hilarious black comedy that makes you laugh and squirm at the same time. It is set in Lagos and rotates around the theme: blood is thicker than water, family comes first... until love gets involved.

Our heroine Korede, with a stomach of steel and bottles of bleach, and her sister the elegant, anti-heroine Ayoola, bleach their way out of detection by the cops, who want to believe them, but can't.

This is a small, hard, sharp gem polished to perfection by a talented Nigerian writer. I highly recommend this one.

Alana

HALLIDAYS POINT BRANCH

Teen Breathe is the New Magazine for Teens - These reviews say it all.

An important and well written magazine that offers support, information and fun in a thought provoking, honest and non-condescending way. My daughter and I read it together, a wonderful way to start a dialogue and share experiences together.

A brilliant magazine for teens, they can pick it up & put it down at their own pace, read & be responsible for their own decision making without feeling like they're being 'nagged' at by parents, teachers or siblings.

Art Exhibition by Christine Long

Timeline is the title of Christine's new exhibition. Her last exhibition (which was very well received) in our gallery was in 2016. On display 7 October - 1 November. (See photo)

Tim Bowden Author Visit Highly Successful

The library meeting room was packed to capacity with an enthralled audience as Tim Bowden spoke about his book Larrikins in Khaki. Tim was a very entertaining speaker, with lots of laughter heard throughout the library. He then autographed copies of his book for keen purchasers. (See the photos)

Regular Children's Programs

Preschool Storytime will start again on 18 October and then every Friday morning at 10.30am for 3-5 year olds. The next Baby Rhyme Time for 0-2 year olds will be on Wednesday 16 October at 10.30am. No bookings required for these sessions.

School Holiday Program October 2019

The October holiday program is booking out quickly. We have an exciting line-up of activities designed to suit kids of all ages and interests. Boredom busters over the two week break at Midcoast Libraries range from board games to bingo, craft to science, along with the ever popular movie screenings. Pick up a program at the library or go on-line at midcoastlibraries.com.au

See you soon in the Library!!

Library Hours: Mon. - Fri. 10am - 5pm, Sat. 10am - 12 noon.

Art in the Area

Chris Long – Possum Brush

Chris and I are members of Taree Artists, a great local group of keen painters and sculptors so I was quite surprised when her opening remarks for this story were; “I must admit I had no interest in art when I was younger”! And it seems her talent remained hidden until she went to high school. It was there in her second year that she discovered her talent for drawing and painting by chance. As Chris explained; “missing out on one of the electives I chose, I was left with a choice of art or metal work. Art it was and still is! Fortunately, I had a great art teacher who chose subjects in which I had a keen interest to draw – and to my surprise I found not only did I enjoy drawing, I was even reasonably good at it, coming first in Year 8”.

Ever since then her love of art has always remained a passion throughout life, even though there have been times in her life’s journey when she’s been unable to draw and paint due to other commitments.

Chris continued: “in 1985 I enrolled in a 2-year full-time Art Certificate course at Meadowbank TAFE in Sydney. That was such a great course, where we were able to sample many different forms of art. The course was divided into two stages – Stages I & II. The first year encompassed many aspects of art: drawing, painting, printmaking, design & colour, sculpture as well as photography. After completing Stage I and coming first, the second year I majored in photography and chose sculpture as a minor subject. Upon completion, I returned home and later worked as a compositor at the Manning River Times”. Then art took a back seat to work, her travels around Australia, and later raising a family.

“Since the family has left home, I now have a little more spare time in my life (although not nearly enough) and like to paint and draw in a wide variety of media. I mainly use oils and pastels, but occasionally dabble in watercolours, pencils and acrylics. I’m inspired by nature and enjoy capturing local landscapes as well as wildlife and my current exhibition at the Hallidays Point Library called Timeline reflects that. It is a retrospective display of some of my favourite works. Included is a variety of subjects ranging from lovely soft pastels reflecting the misty landscapes of Tasmania as well as paintings of birds to more colourful still life in acrylic with a strong sense of design and bold use of colour”, Chris explained.

It is apparent Chris approaches her work with two distinct styles – one is a more modern approach with the use of bold bright colours and a strong element of design and pattern, the other takes a more realistic approach where she captures the subtle changes of light and shade in a landscape. “I also enjoy painting the exquisite details of a bird. With the more modern approach I deliberately simplify my subjects and like to see things as blocks of colour, then add only a small amount of detail to enhance the painting. Initially I saved this approach for my still life paintings but am now incorporating it in some of my landscapes”, said Chris. And she’s not the only one who is impressed with the results, along with many others I certainly am as well.

Chris currently teaches art from her gallery/studio at Possum Brush, so if you wish to visit her gallery or have art lessons, she can be contacted on 0413 122 836. Her exhibition, TimeLine – A Retrospective of Favourite Works can be seen at the Hallidays Point Library Gallery from Monday 7 October until Friday 1 November.

Story by Fred Bullen

Sinfonia Celebrates Twenty Years

Twenty years ago, a group of locals set up a volunteer orchestra, dedicated to playing music across the region. The driving force was to bring music to the community, in every possible local hall, covering broadly the area from as far south as Tea Gardens, up the mountains to Gloucester, north to Kendall and back to the coast at Laurieton, and everything in between. The orchestra survived and thrived and branched out to incorporate a foundation to award scholarships to support young local musicians with their music studies. Famous alumni include Jonathan Billingham of Tallowdale Music and Oliver Schumacher, long time members of the Australian Youth Orchestra.

Sinfonia will celebrate their achievements over these twenty years in a grand concert to be held at the Manning Entertainment Centre, at 2pm on Sunday, 24th November 2019. Previous scholarship winners will be playing, some as soloists, with much reminiscing and music from over the twenty years.

Hallidays Point Garden Club

The Club's August meeting was held at the home of Margaret and Graham Lane in Heritage Estate. It was a gorgeous warm morning to walk around their garden in its park-like setting. The huge dam is the focal point, its backdrop being the towering gums with the gazebo, jetty, boat and fountain all extra lovely features. Thank you, Margaret and Graham. 34 members and 3 visitors were present. Badges were presented to three new members.

A special announcement was made and that was the

awarding of the Anne Williams Clarke medallion to Bill Lyndon. This is an annual Garden Clubs of Australia award, one that is not necessarily awarded every year. It is for a member of an affiliated club who has given outstanding service. Bill has justifiably taken out this award for his work and organisation behind the Open Gardens weekends over the last six years and for his and wife, Jenny's, ongoing hospitality for the Garden Club members. Congratulations, Bill.

Carol Cooney won the Lucky Door prize and Lorraine Blacklock won the rose bouquet.

A question was asked about the control of nematodes. Two possible solutions were given. One was to make up a solution of water and molasses (5:1 ratio) and pour over the affected plants. The other was to plant marigolds.

Del Thomas was the guest speaker for the day. Del studied at the Ryde School of Horticulture and went on to have a long career in the industry. She and her husband established a foliage farm on 10 acres at Gross Vale, growing mostly viburnum odoratissima, a dark green foliage plant widely used by florists. Del then went on to study Floristry at TAFE, moving on to become a teacher for 22 years at both Wauchope and Taree TAFE. Ten years ago she was approached to write a book on Australian wildflowers which had developed into a huge export market. She worked on this project with a colleague, Bettina Gollnow, and the publication is now widely used in florist workrooms and as a training resource in horticulture colleges. Del went on to discuss the flowers that are imported – roses etc – and the associated bio-security issues that are involved. She quickly demonstrated how to build a bouquet of roses (she used Sydney-grown roses!) around foliage in the centre, followed by a demonstration of paper wrapping and bow-tying. It was easy to see she had been doing this for a long time. She was quick and the effect was impressive. Lucky Lorraine took home the finished bouquet. Thank you Del for your presentation.

For any Garden Club enquiries, please contact Annie Mayne on 6559 2570 or annitheaussie@bigpond.com

Hallidays Point Public School

Once again, the school's book parade was a resounding success. All the children entertained the huge gathering, dressing up as their favourite book characters. So many wonderful outfits! Even the teachers got into the swing of it. The parade was then followed by a special morning tea in the gardens for the grandparents. A perfect day for all ages.

Our hard-working debating team headed to Chatham Public School in Week 5 to argue against bottled water being banned.

It was a difficult topic considering how strongly we feel about environmental issues at Hallidays Point Public School, but the debaters rose to the challenge. First speaker Charlie, second speaker, Taia and third speaker, Katie spoke confidently and made some fantastic rebuttals. The team was ably supported by our team adviser, Ashlyn. All the hard work paid off, and we came away with the win. Well done, girls!

Hallidays Point Community Uniting Church

A Great Outback BBQ was held on Saturday 24th August, to raise funds for Frontier Services. It was held outside the Senior Citizens Hall using the Senior Citizens' BBQ and facilities.

Thank you to Peta Power and the Senior Citizens for being so cooperative. (At present the church does not have a barbeque.) The weather was perfect, as was the venue, and the food was delicious. Thanks to everyone who contributed to making this a very enjoyable event, especially our cooks, John Clucas and Peter Hester. In excess of \$550 was made on the day.

The church building will be undergoing repairs to the floor from 20th September until 6th October, so it will be unavailable for use during that period. There will be no church service on Sunday 6th October. Instead we will be attending church at Forster Uniting Church. We will carpool at Hallidays Point Church at 8:15 a.m. on that day.

Our Annual Club Competition was held recently with some exciting results. Congratulations to everyone who competed. Awards went to :

- **5 years:** Havana Bell 1st
- **6 years:** Molly Lynch 1st, Abby Yelavic 2nd, Hayley Duncan 3rd, Bella Burton 4th, and Charlize Swain and Delilah Marshall 5th.
- **7 years:** Ella McDonald 1st, Mackenzie Allen 2nd, Anabelle Maligin 3rd, Eliza Cunningham 4th.
- **8 years:** Rhema Burton 1st, Eden Giffin 2nd, Ella Narse 3rd.
- **9 years:** Summer Harrison 1st, Emily Narse 2nd
- **10 years:** Summer Mobbs 1st, Shontae King 2nd
- **11 years:** Ashlee Brabant 1st, Dallas Rogers 2nd, Taia Shedden 3rd, Briana Duncan 4th
- **12 years:** Eden Rogers 1st.

Winner of the 5-8 years Marching trophy was Rhema Burton for 5-8 years and Dallas Rogers for the 9-12 years. This is the 3rd time Dallas has won this trophy !

Dance trophies went to Eden Giffin and Ashlee Brabant.

Junior club champion went to 12 year old Eden Rogers.

In our Ladies sections 1st place awards were awarded to Steph Flower, Erin Harrison, Pam Gollan and Anita Norman in various sections. Senior club champion was awarded to Erin Harrison.

All ladies that competed performed beautifully.

6 year olds
Molly 1st & Hayley 3rd

Dance champions
Eden 8 & Ashlee 11.

Pictured left are the 6 year old group with teacher Marilyn

We are currently taking inquiries for 2020 classes.

or Deanne on 0401 959 487

Hallidays Point Probus News

As part of our membership drive our Probus Club presented itself for the first time at the Black Head Bazaar on 1st September. Many thanks to Sheila Capperauld, our Membership Officer, who launched this idea, to President Ian Campbell and wife Grace, who, after a trial run with the new marquee in their garage, set the whole thing up without a hitch at 6.45 am on the day, and the group of Probians who volunteered to man the stall from 7 am. (Coming from Europe it still baffles me that markets here start at such an early hour, to finish just as everyone is ready for lunch. So many lost opportunities for food stalls. Surely, from 9 am to 3 pm would be a far more logical option. But then, I would say that, being no early riser! I also never understood why most shops close on Saturday afternoon, making it impossible for people who work during the week to go shopping).

Anyway, it was a good opportunity to highlight Probus with all it has to offer. We had 5 visitors at our September meeting, and if that is because of our stall, it is a very good outcome.

Our officers presented their reports as usual, and Sheila promoted the inaugural Pickleball comp on 10th September. Unbelievable, but after months and months of drought, on that day the heavens opened at 11.05 am, 5 minutes after play had started! No co-operation from above! Five minutes were enough though to take some photos (thank you Peter Hester) and to convince participants that this really is a great game that can be played at any age. A new date will be set.

At the meeting we were shown a short video of the show Halliday Shores put on in August, "The Pirates of Penzance", because quite a few of our members had played a (very important) part in it.

Four new members were inducted: Margaret Giggins, Caroline Feilen, and Ellis and Sue Niven, all of whom introduced themselves. A very warm welcome to them!

This month I was the 10-minute speaker, invited to talk about "The Joys and Challenges of Music Making"; I changed this title into "A Lifetime of Music" to justify the fact that my talk

would take 15 minutes because it has been such a long life. I covered the musical efforts in my native The Netherlands, singing the Propers of Mass in Latin at age 4, going to Music School, playing the piano (what I lacked in talent I made up for in enthusiasm), being contralto soloist in the church choir, being part of an a cappella double quartet singing madrigals in Haarlem Cathedral etc. and also my musical efforts here in Australia after retirement, singing in a big mixed choir, for a paying audience!, conducting a jazz concert, and the absolute highlight, of course, the privilege of conducting the Probus Singers for so many years. Nobody fell asleep.

After morning tea Liaison Officer Robin Billings introduced our guest speaker, Wendy Birrell from NSW Roads and Maritime, who did a marvellous job updating us on driving skills and safety issues for older drivers. One of the questions she asked was "What has changed for you over the years?" and it appeared that most of us avoid driving at night, driving in heavy traffic and in bad weather. So, we're actually self-regulating. Wendy pointed out the changes in peripheral vision, reaction, physical restrictions and the effect of medication on driving skills when you get older, and she gave good advice on how to stay safe on the road. Very useful was her info on modified licenses, which Services NSW can tailor according to your needs, and the fact that you get a free NSW photo-card for identification when you hand in your licence. Wendy had a lot more to say, but time was up. She left plenty of leaflets with all sorts of information on the desk for us to take home. We will be very happy for her to return next year.

As it was the first Tuesday of a new season, more than 40 of us went to the Springfest lunch at the Kranky Goat in Tallwoods. The excellent food was enjoyed by all.

For 15th October Helen Bush has organised our 6-monthly BBQ and Boules again. This is always a great event that brings out the competitive streak in us.

September Birthdays

For November (**note:** the 2nd Tuesday, not the 1st because of Cup Day) the committee has organised an inaugural debate morning on the subject "Men gossip more than Women". Well, that could be very interesting!!

Like to join? Our club meets every 1st Tuesday of the month (except in January when there is no meeting, and in November when it's the 2nd Tuesday) at the Black Head Surf Club, 9.45 for a 10 am start. For more info please contact our President Ian Campbell on 0417 928 791 or email cutloose08@hotmail.com,

Diamond Beach Rural Fire Brigade

Over the last few months I have been trying to advise people what to do before the summer fire season starts.

Well, look at August the last month of WINTER and the 50 fires that we had from Forster, to Port Macquarie is unheard of!

The fire season seems to be getting longer every year that's why it's so important to be prepared, not only for fires but for embers that can fly up to 20k from a fire plus the smoke that can fill your house if the wind is blowing your way.

Pictured below are some fires attended in August

At Forster

At Rainbow Flat

If you have a lot of leaves getting into your gutters install gutter guard, remove mats that can burn from the front door, seal under floor spaces to prevent embers entering, trim branches away from the house, store firewood away from the house, store petrol and gas safely away in a shed.

If you would like advice regarding your property safety go to www.rfs.nsw.gov.au or come and have a chat to us at the Black Head Bazaar on the first Sunday of each month from September till May.

*Leo Fransen phone 0428 222 065
Diamond Beach Community Engagement Officer.*

Rainbow Flat Rural Fire Brigade

I SMELL SMOKE, WHAT SHOULD I DO?

Recently, brigade members have received phone calls from residents asking what to do about the smoke they can see and smell in the area.

If you see or smell smoke, your response will depend on the circumstances:

1. If the conditions are benign and you can't see a fire, check on Fires Near Me (either internet or phone app) for current notifications and think about what you might do if the situation changes.
2. If conditions are benign and you see an unattended fire, please ring 000 with details of the fire, including an exact location, GPS if possible.
3. If the weather conditions are not benign, e.g. hot, dry, and/or windy, especially with a Fire Danger Rating of Very High or more, check on Fires Near Me or other media for any local notifications (such as Advice, Watch and Act, or Emergency Warning) and get ready to put your Bush Fire Survival Plan into operation. Generally speaking, if smoke is diffuse it is probably some distance away.

With the current and predicted weather conditions, now is the ideal time to update your Bush Fire Survival Plan, reacquaint yourself and your family with the meaning of the Fire Danger Ratings and Advice Alerts and do any necessary property maintenance.

TELEPHONE WARNINGS

During a fire, you may receive warnings over your landline or mobile phone. These Emergency Alerts can be sent to a designated warning area:

- you may receive a recorded message if your landline is in the warning area
- you may receive a text message to your mobile phone if your phone's billing address is in the warning area,
- you may receive a text message based on your mobile's last known location,
- the updated smart phone app Fires Near Me allows you to add Watch Zones so that you can be notified and receive alerts about fires in places other than where you (and your phone) are, for example if you are away from home on holidays

Find out more on www.emergencyalert.gov.au

For further information please contact Robyn King, Community Engagement Officer, Rainbow Flat Rural Fire Brigade on 6559 2041 or 0490 013 182.

Information is also readily available on www.rfs.nsw.gov.au or 1800 679 737, Facebook, Instagram, YouTube and Twitter.

Hallidays Point

Senior Citizens Assoc.

Here it is, Spring again and we're delighted to be back at the Black Head Bazaar with our trusty band of volunteers serving breakfast for hungry market-goers. By the way, we're always looking for helpers either to assist with the preparation on Saturday, serve or tidy up after the bazaar, all help is appreciated.

Members, a reminder that the Annual General Meeting will be held on Wednesday 9 October 2019 commencing at 10.00am. We encourage all members to attend, remember this is your association and the AGM provides an opportunity to discuss any issues you may have. Also, please consider joining the Committee, it is a satisfying and worthwhile contribution to your association.

It was a windy day for our bus trip last month. We headed out Wingham way with our first stop at Wingham Brush for our morning tea and Lesley's delicious shortbread. We then drove to Wingham Museum and thoroughly enjoyed viewing the different rooms depicting how we lived in the past. We saw examples of lace making and weaving plus of course, the old copper, wash board and draining box to help the modern housewife (circa 1890) with this tiresome chore. The collection of vintage clothing, table settings and furniture were wonderfully put together. The history of Jimmy Governor was also an eye opener.

We then travelled back to Cundletown Museum to enjoy our tasty lunch and view the history of the local dairy industry including an original delivery truck and the driver was there to show us around! Did you know that the Peter's Ice Cream factory was at Taree? All sorts of farming equipment, marketing advertisements and even Bessie the Cow was there. It is a terrific exhibition, if you have visitors staying, both museums are well worth a trip.

Our next trip in October is to the Hillview Herb Farm at Gloucester. We have also finalised the details of our 4 day trip to the Entrance in November. Details and the itinerary are now on the notice board. We are also finalising our Christmas trip which will be held on Thursday 12 December. Again, check the notice board for details.

Remember, we are always looking for new members. To see the great activities we offer and the schedule, look on the inside back page of the News of Our World. Come on along and meet some new friends!

Gail Phair

Senior Citizens Centre

TOFS MC

Tour Report

Your humble "scribe" was absent during the latter half of July and all of August, so apologies for the lack of reports. But during my absence lots happened:

Our membership has grown to 37, with all memberships (from 2018-2019) being renewed. Well done to all involved. We are obviously providing an outlet for the retired/semi-retired men of the area.

July's trip was a great success with 20 attending, and by reports, thoroughly enjoying the Slim Dusty Centre in Kempsey.

August's trip, now an annual event was ten pin bowling in Forster. 14 enthusiastic TOFS tried hard to recall, and repeat skills from many, many years ago. I believe the winner is still under review!

September's trip (Friday 27 September 2019) will be to the Mid Coast Maritime Museum in Port Macquarie with a number of points of interest on the way up & back, including Brother Mountain Lookout and the Koala Hospital and adjacent homes.

October's trip (Friday 25 October 2019) will be to the Coastal Brewing Company in Forster, with a brewery tour, followed by a beer tasting.

Cheers,

John Mead, Liaison Officer - Phone: 0417 007 456

The Lions Club

An

Important Invitation to Businesses, Clubs and Organisations

President Noel McManus

Hallidays Point Lions Club continually strives to consolidate and expand the strong ties we have to our local community. As you may be aware, we have invited local businesses, clubs and organisation to the next two dinner meetings of the Club. The first was held at Kranky Goat on 26 September. If you missed it don't despair as there is another opportunity in October. Representatives of local clubs (sporting, social etc.), other organisations and businesses are invited to attend an informal dinner on THURSDAY 24 OCTOBER at the Black Head Surf Club commencing at 6.30pm for 7 pm dinner. There will be no charge for guests and yes it will be a barbecue with a variety of food including salads (and not just sausages!!). Guests are asked to bring their own refreshments. THIS IS DEFINITELY NOT A FUNDRAISING EVENT and those in attendance WILL NOT be asked for donations. It's purely an attempt to gather first-hand information from the local community at a personal level to better inform our planning and decision making.

We want to hear about yourself, and your club, organisation or business. We want to know how we can support your club, organisation and business. We'd like to know your suggestions and thoughts about the ways in which Hallidays Point Lions Club can best "serve" and assist the local community and the area.

For catering purposes please email Ray Piper at secretary@hallidayspointlions.org.au or message or phone him on 0438 396 049 if you are able to attend.

Date: THURSDAY 24 OCTOBER
Time: 6.30 PM ONWARDS
Venue: BLACK HEAD SURF CLUB

In the last issue you read about the many activities and projects of the Lions Club of Hallidays Point. In this issue I have attached information about a small sample of the Lions Foundations that are supported in one way or another by the Lions Clubs within NSW including the local Hallidays Point Lions Club. If you are interested in joining a local club that does fantastic work in the local community and beyond please email our membership officer Gerard Cross gerard.cross@hallidayspointlions.org.au If you are unable to join us as a member you may consider helping as a volunteer at one of many events and activities. Please contact any member of the Hallidays Point Lions Club if you are able to volunteer.

Noel McManus - President - 0458 904 149

Here are some examples about the combined efforts of Lions Clubs throughout NSW-ACT and the good work they are able to achieve:

Lions Cord Blood Foundation

This Foundation makes cord blood available to children suffering from Leukaemia and other blood disorders. For details about the Lions Cord Blood Foundation please visit the website: www.lionsclubs.org.au/LCBF/index.htm

Lions NSW-ACT Save Sight Foundation

The Foundation seeks to promote, advance and assist the research into the causes, diagnosis, prevention and treatment of anomalies and diseases of the eye.

The Save Sight Foundation was formed in 1974 to 'Save Sight' by funding research into Eye Care including the causes, diagnosis, prevention and treatment of diseases of the eye. The Foundation aims to provide funding for the purchase of vital equipment for universities, hospitals and institutions involved in all aspects of eye health, and promotion of care of the eyes. Annually the Foundation contributes \$200,000 to assist the operations of the Lions NSW Eye Bank and the Save Sight Institute at the Sydney Eye Hospital. Since 1974 the Lions NSW Eye Bank has helped restore eyesight to over 21,000 patients across NSW and the ACT. In 2011 the Organ Culture Storage method was commenced and the waiting period for corneal transplants is now less than two months.

Lions NSW-ACT Public Health Care Foundation

This Foundation seeks to promote, advance and assist the research into the causes, diagnosis, prevention and treatment of illness, sickness and afflictions of all kinds suffered by humans.

The Public Health Care Foundation provides funds for vital research in numerous areas of health care. It funds the purchase of much needed equipment or universities, hospitals and institutions involved in health care and promotes sustainable health care in the community. Considerable

Update of Activities

funding is provided to assist people in the community who may be disabled or afflicted with a debilitating illness. Recently, grants have assisted in the purchase of diabetic insulin pumps, motorised mobility scooters, specialised lightweight and powered wheelchairs, wheelchair ramps, powered lifts to assist in the care of disabled, children's portable oxygen ventilators, electric and specialised hospital beds, conversion of vehicles to provide transport for people suffering from debilitating illnesses, renal dialysis machines, and numerous other much needed items of equipment.

Lions Community Assistant Fund Support Diamond Beach Family

The Last News of the World featured the wide range of projects and activities Hallidays Point Lions are involved in.

One recent example involved a working bee with the construction of a fence for a local family in need.

The fence was constructed over two mornings on the 16th and 17th August by a few Lions blokes and community members Pete Jeffers and Jamie Seddon. Pete and Jamie offered to assist on Saturday as they had some specialised tools and expertise. Both were involved in the Jindaboonda fund raiser and have a positive community attitude. Thanks Boys!

Lions Noel McManus, Norm Maberly-Smith, Vaughn Parker, Stephen Bauert, Reg Bromwich, Alan Stewart, Gerard Cross and Ray Piper did the hard yards.

The family now has their home fenced to keep the family dogs at bay, in addition to some added security.

Thanks to Robb and Co of Nabiac for their advice and support in supplying some of the materials

Thanks to all involved for a job well done and of course the expert advice from the old farmers on fence construction.

Lion Ray Piper

Lions Bazaar Choc Wheel

Thanks to everyone who supported the Lions Choc wheel at the September Bazaar and congratulations to all winners.

Thanks to the enthusiastic efforts of Lions Jack McDonald, the chief spruiker and story spinner, President Noel, Ray Piper, Vaughn Parker, Heleine Gavin, Marie Kingcott, Reg and Mary Bromwich and Community helpers Susie Catterson and Karen and Rod Forrester, over \$500 was raised

Money raised from the Choc wheel supports all our community projects and is returned in full to the Hallidays Point community.

PLEASE NOTE THREE PEOPLE DID NOT CLAIM THEIR PRIZE IN SPINS 3, 4 AND 5

- | | |
|------------------------------------|---------------------------------------|
| Spin 1 Ticket No. 17 - W. Lamond | Spin 6 Ticket No. 41 - Brian Hart |
| Spin 2 Ticket No. 5 - Carol Dark | Spin 7 Ticket No. 31 - John Lenton |
| Spin 3 Ticket No. 27 - Not claimed | Spin 8 Ticket No. 29 - Shannon Falzon |
| Spin 4 Ticket No. 17 - Not claimed | Spin 9 Ticket No. 27 - Steve Dent |
| Spin 5 Ticket No. 24 - Not claimed | |

If you are still holding a winning ticket, contact Jim Frewin on 0402 046 220 to obtain your Voucher for \$40 worth of meat supplied by Diamond Beach Butchery located at Black Head Shopping Centre

The choc wheel will operate at the Bazaar in October, November and December. Look forward to seeing you there!

New Year's Eve Fireworks Black Head Beach Fundraising Activities

The community of Hallidays Point, their families who visit, and the tourists who holiday here over the Christmas and New Year break, have, for many years, enjoyed the fireworks display on the beach. To many, it is the highlight of the holiday season. Photo by John Stranack

Over the years the Black Head Surf Lifesaving Club has provided the New Year's Eve event. For last year's event and for future years it had been agreed that the Lions Club of Hallidays Point would undertake the fundraising required for the event to proceed.

The primary purpose of Black Head Surf Life Saving Club is to save lives on the beach. The Surf Club is happy to arrange for the fireworks to take place, which includes obtaining the necessary permits, licenses and insurance, and hiring the company who produce the magnificent display.

Fundraising for the event has already commenced within the community and a significant amount of cash has been raised so far. We are now asking that the businesses in the area that benefit from the influx of tourists help in defraying the cost of the event.

We ask that you, as a local business, make a donation to help cover the cost of the Fireworks this New Year's Eve. We estimate the cost to be in the area of \$7,500 and would appreciate any donation from you.

Donations may be made by any of the following methods:

1. Direct Deposit to Account Name: Lions Club of Hallidays Point BSB: 062 603 Account: 00908818 Comment/Reference: 'Fireworks'
2. Dropping off your donation at the Lions Op Shop Hallidays Point
3. Contact Lion Jim Frewin - Ph. 0402 046 220

Thank you in advance for your support of this major Hallidays Point community event.

Black Head Bazaar and Other fundraising:

Fundraising will continue for the rest of the year with a Chocolate Wheel operating at the Black Head Bazaar. Also a bucket drive at the Hallidays Point Tavern to raise additional funds has been organised for Sat 28 Sept and Sun 6 October to be run during both the AFL and NRL grand finals. Again your support would be much appreciated.

Lion Jim Frewin - 0402 046 220

The Lions Op Shop is moving into Spring by introducing new Summer stock over the coming weeks. Don't despair, there will still be a few cardigans for those chilly days and nights. Swimwear will also be arriving for the holidays. We have many new books on the shelves for the avid readers and magazines for those who like to browse.

Manchester abounds on the shelves and we still have numerous sewing notions and fabric for those special projects.

The Op Shop will be opening at the earlier time of 8.30am from the beginning of these holidays for the Summer season.

Thanking you all again for your donations which keep us operating and serving the community.

Lion Virginia Stewart, Shop Manager

Our Natural World

An email from Geraldine to the Editor 4th Sept '19:

Dear John,

I was last up at Hallidays Point in late June. After a game of golf one day I felt soreness under an arm and upon exploring I found a lump in my breast.

As my "family GP" is in Melbourne, I flew back and since then I have been on the endless round of medical visits.

The final diagnosis was that they had removed all of the cancer lump. But the analysis of the lump found it to be of an aggressive variety.

So I am now doing 16 cycles of chemo to be followed by 4 weeks of radiation therapy. All of which means I will not back in Hallidays Point until well into 2020.

So John, I am asking for a leave of absence from my Nature column.

I definitely miss the HP ocean and the bush.

Regards to all, Geraldine

In replying to Geraldine with best wishes for a speedy recovery, I asked whether she would allow me to let our readers know of her current situation and if she would be in favour of me repeating some of her earlier articles until she is recovered and ready to send in her monthly articles again.

Geraldine replied as follows:

Hi John,

I am very positive about the outcome, I just have to "survive" the chemo & radiation!

In answer to your questions, "yes" to both of them, happy for you to tell the readers and happy to recycle some of the old articles.

Don't forget to send me the preview of the Newsletter, I always read cover to cover.

Cheers, Geraldine

Geraldine has been contributing her Nature column every month without fail since July 2013. She keeps us informed of our local flora and fauna and has thousands of regular readers who will now be wishing her all the best of luck for the successful treatment and recovery from her cancer.

Geraldine's article this month was first published in the November 2016 edition of the NoOW

Nature's Flash Dancers Now Performing at Red Head

Darting through the night air, performing one of nature's most enchanting spectacles the fireflies put on quite a display and are the stars of the insect world. In the first weeks of spring they put on a wonderful performance in the park at the end of Red Head Road.

For these love-bugs, it really does start with a spark. Males fly around forests and open spaces in the night, flashing to attract a mate. A female charmed by a male's display will glow in his direction, guiding his way to her on the ground.

Timing is everything for the firefly. The rate and speed of a male's flash dance governs his appeal and is distinctive to each species. For some species, faster or longer flash patterns are most appealing to a female, while for others, slow or short flashes get the girl. To detect these flashes, which are often far off, or pulsating amongst any number of firefly signals, the male is equipped with large eyes and a visor for ultra-mating focus.

Fireflies have light-producing organs called lanterns under their abdomen. Lanterns contain specialised cells that convert chemical energy into light. Oxygen reacts with a pigment to produce a flash of light.

If one can detect a sense of urgency in the firefly's flash, it's because they're in a hurry to mate due to their short life span. The larvae produced from this hurried courtship, who are luminous from an early age, feed on snails by paralysing them. Adult fireflies, however, are believed not to eat at all.

In order to feed their larvae, fireflies are drawn towards temperate or tropical places, particularly wet, wooded areas such as rainforest where there's an abundance of food. During the larvae stage, fireflies will hibernate over winter, burrowing underground or hiding under the bark of trees. The larvae will then emerge in spring to feast.

The glow of the fireflies is dimming. Around the world, urban sprawl, development and light pollution are driving their decline. As forests are cleared, and open spaces are paved, fireflies are losing their habitat. Fireflies also need the dark. Light from cars, street lamps and houses interrupts their flashing patterns, disrupting their luminescent messages. If they can't communicate, these glitter bugs will disappear.

Fireflies are remarkable creatures. With their whimsical twinkling displays, fireflies truly are the stars of the night.

Geraldine

FAWNA

Whether you believe in climate change or not you have to agree that our winter weather has been very unseasonable – the higher temperatures, lack of rain, and now the strong winds have had a devastating effect on our wildlife. The search for food has weakened them and taken them out of their normal habitats, while the wind has dislodged baby birds from their nests.

FAWNA aims to Rescue, Rehabilitate and Release the healthy animals back into their environment. You can help us achieve this by taking some initial basic steps when you find an animal needing help then contacting FAWNA so one of our members can collect and care for the animal.

Note: Do not handle bats or flying-foxes, poisonous snakes, or raptors, and be aware that large wallabies and kangaroos can inflict serious injury. Always assess the situation and only proceed if it is safe for you and others who may be with you.

If possible, cover the animal with a towel or blanket to minimise stress and firmly but gently place it in a cardboard box and keep it in a warm, quiet place away from domestic pets and household traffic. You can even use a fabric supermarket shopping bag if that's all you have.

Note and report the location where you found the animal as some animals are highly territorial and need to be returned to the same area – if there is no actual address use your odometer to measure the distance from that site to an obvious landmark.

Call FAWNA on 6581 4141. Do not give food or water unless asked to do so by the operator as this could adversely affect the animal's recovery.

For all wildlife in distress call the FAWNA hotline on 6581 4141 – 24/7

Fishing News

I've been suffering from wind. It has been uncomfortable and incessant with little respite during August and September, mainly with a southerly and westerly influence. Finding sheltered spots where you are likely to catch a fish has been difficult and one such location has been off the breakwater at Forster where a few luderick are lingering on. There is an abundance of cabbage on the ocean rocks if you know where to go, and the fish have been tempted by this, although not enthusiastic biters, so fish lightly.

Flathead are about in numbers further upstream. Friend, Peter managed to lure a few but only in shallow warmer water. Luke from Tuncurry Tackle reports that schools of tailor are cruising around Wallis Island and anglers are having fun using hard-bodied and metal lures. There are a few bream around structures but they are touchy.

It is time for trumpeter whiting to make their annual incursion in Wallis Lake and closer to the bridge. Usually only small in size, but they are delicious, with a bag limit of 20. Use a light line around 3kg b.s. with a trailing trace of 40cm below a running small round sinker, with another similar set up above the sinker using number 4 long shanked hooks. Beach worms, yabbies and small cooked prawns are the best baits. They love a moving bait so drifting in a boat is a necessity or retrieving from the shore.

There have been a few rare opportunities for the offshore boaties to venture out with good reports of snapper, teraglin and few pearl perch. They seem to have moved a little wider than previously as was the case north of Black Head last month when large snapper were boated in less than 20 metres.

Because of the weather very few beach fishermen have thrown a line in. Tailor have been hard to find and similarly bream are reluctant to cooperate.

With the weather warming up, sand whiting and dart should make an appearance. Strangely, the large schools of salmon have not been seen for two years. A great fighter, I consider them a pest as they smash up your light gear, eat anything including the whiting you are trying to catch, and taste like cardboard. Photo shows yours truly with a good luderick that did not get away. Bring on the tranquillity of spring.

Good Fishing, Trevor

Come and See Our Display Each Month at Black Head Bazaar..!!!

Blackhead Tennis Club

As noted in the last edition of Hallidays Point News of Our World, the “club is alive and well, although the club’s facilities are showing signs of ‘wear and tear’. The club’s Executive Committee is determined to improve them”.

With that in mind, and our need to grow membership, at the Black Head Bazaar, held on Sunday 1st September 2019, the Blackhead Tennis Club had a stand to spread the news of all the good things that are currently happening at the club. Members of our Executive Committee manned the stand and asked

those interested to sign a petition to support the need to provide “suitable tennis facilities in our community”; namely new and upgraded surfaces for our 2 courts and lights that satisfy public liability insurance. Sixty one (61) signed the petition, with some adding comments such as the following:

- Badly needed
- Urgent
- I fully support
- My 100% support
- Definitely needed
- Good to see the progress with the club
- An activity for all ages

This petition is now being used in support of our current Grant applications.

At the club’s last General Meeting, held on 20 July 2019, a lighting sub committee was formed to gather information and report back to the Executive Committee with their findings and suggestions/recommendation as to the way forward. That report is eagerly awaited.

Next Black Head Bazaar (Sunday 6 October 2019) we will again be manning a stand to spread the word. Please call in and say “Giddyay”.

Our next General Meeting will be held at 12 noon on Saturday 12 October 2019, a week earlier than the suggested date, which will be followed by social tennis. The club welcomes all new players, both as prospective members and visitors and encourages community participation. Come and join us!!! Don’t forget to bring your racket.

Cheers, John Mead, President - 0417 007 456

Tallwoods Golf Club 20th Anniversary

It is now twenty years since the first competition round was held by Tallwoods Village Golf Club on Tallwoods Village Championship Golf Course, as it was known back in 1999. The architect-designed Tallwoods course quickly attained recognition and acclaim as one of Australia’s top 100 courses. The intervening years have seen momentous changes in ownership and membership. With the new owners (Tallwoods Country Club) and a new gourmet restaurant (The Kranky Goat) there has been an upsurge in patronage and membership and a renewed sense of optimism amongst the loyal residents and members. Package deals for visitors, the introduction of Foot Golf and the Junior Golf Clinic have attracted younger people to this serene golf environment.

Twenty years on and many of the original “sea-changers” and retirees are still here and going strong. To celebrate the twentieth anniversary of Tallwoods Golf Club some profiles of the early settlers will feature in this column.

Mary Gleeson

After a busy life in country NSW, Mary and her husband Peter “retired” to Tallwoods, in a brand new home they built, not far from the first tee, late in the year 2000. Their business life included managing a motel in Tuncurry and a newsagency at Diamond Beach, but they didn’t slow down at Tallwoods as golf and family filled up their “spare” time. Peter passed away in 2016, after 58 years of marriage, however Mary has displayed stoicism and continued to thrive with her golf friends and numerous descendants for support. Mary and Peter have 5 children, 11 grand-children and 18 great grand-children.

Mary still plays a competitive game of golf at age 83 and recently won the September Division 3 monthly medal with a score of 70 net and also won a mid-week competition with the excellent score of 42 stableford points. Mary’s name is on the club Honour Board for various things including serving as Lady President, two hole-in-ones and for winning the club Foursomes Match Play Championships with her late husband Peter. Last year Mary represented Tallwoods Golf Club at the Over Eighties Senior Tournament at Harrington Waters Golf Course, where she came second.

www.foxmowing.com.au

A tradition at Tallwoods is singing Mary "Happy Birthday", since it coincides with Australia Day when there is always a good roll-up to compete for the Australia Day Shield. A few years ago Mary claimed to have been awarded an O.B.E. on Australia Day (Over Bloody Eighty). Mary always joins in these celebrations and may there be many more birthdays for this true blue Aussie icon from Tallwoods.

Naggers Cup

The Naggers Cup is a perpetual trophy, played for around Father's Day, when couples put aside their nagging to attempt to have their names engraved on the attractive gold cup.

This year the event was sponsored by Mavis Wright and the winners were Kylie and Don Gordon who scored an impressive 51 points. Second were Paula and Bill Livermore with 49.

Ian & Myrtle Styles

Left-handed Ian is, at age 92, the elder statesman of Tallwoods Golf Club. During the 1990s Ian and his wife Myrtle hadn't heard of Hallidays Point but took the advice of a friend to make the journey from their home on the Central Coast of NSW. They liked the place a lot and kept coming back with their caravan.

Ian and Myrtle had taken up golf in their 40's and watched with interest the golf course emerging on Blackhead Road. In 2004 they bought a house, two doors down from Mary Gleeson and joined Tallwoods Golf Club.

Ian and Myrtle are previous winners of the aforementioned Naggers Cup and many other events. Ian also has the distinction of "breaking his age" on four occasions. He first achieved the feat at age 84 when, off a handicap of 16, he went around in 82 off the stick. There is a local "100 Rule" for men at Tallwoods. If your age plus handicap equals or is greater than 100 you are allowed to use the ladies' tee to make it easier to hit over the water on the signature 11th hole. Being too proud to take advantage of this rule, Ian chooses to take on the challenge and usually makes it across the water from the men's tees.

Myrtle and Ian Styles
Mixed Foursomes Championship - Net Winner

Jeff Cutler, Club Captain

Black Head SLSC

The Club is pleased to announce to the community at large that the renovations undertaken this year have been completed. These include outside rendering and painting, the kitchen which has been enlarged and the upstairs toilets. Storage in the kitchen is still being worked on but should soon be completed also.

A "Christmas in July" function was held on July 26th and it was a full house. The caterer was delighted with the new kitchen and its appointments and facilities. The function was beautifully organised as usual by Kaycee Wisemantle and thanks goes to Jim Frewin and the Lions Club for setting up the night before after the Lions Club meeting. Fantastic community spirit at work there!! The new tables and chairs were put to good use and the hall looked very smart.

The 200 Club is being reborn after many years so be on the alert for ticket sellers in the very near future.

Black Head & Mona Vale Surf Clubs Coaching Weekend

Residents may have seen a large number of boards, ski's and athletes at the beach over the weekend. This was a Coaching weekend with our own athletes combining with local clubs and athletes from Mona Vale, Sawtell, Port Macquarie and Coffs Harbour.

Finer points on Skis and boards were made with our coach Marty Cowper instructing as well as other coaches from Sydney.

There was also lessons on goal setting, eating right for competition and education on stretching and warming down by Mitch and Aaron, local physiotherapists at Healthcare. By necessity all athletes mixed well, even down to our young "L" platers at 9 years of age.

Mona Vale have already booked in for the coaching-and the weather next year.

Hallidays Point Netball Club

It has been another wonderful netball season for Hallidays Point Netball Club. Netball is one example of a local activity that unites and brings people together. Netball can be played at any age and it is exciting to see local families and friends gathering to play and support each other courtside each week in Forster.

2019 Semi Finalists 'MidCoast Sheds Team' Absent players Georgia and Matilda

HPNC is pleased to have had five teams make the end of season finals including:

- Semi Finalists: Junior B 'MidCoast Sheds'
- Finalist: U10's 'A Stones Throw'
- Finalists: Junior A 'itravel Forster'
- Finalist: U13's 'The Point Bakery & Café'
- Grand finalists: B Grade 'Cellarbrations'

Congratulations to our B Grade Cellarbrations ladies' team who progressed into the grand final. This is a marvellous result for our club to have so many teams qualifying for these final matches. Of note is that all the HPNC U11 players who participated in the Development squad - all qualified for the semi-finals. It is lovely to see their effort and hard work reflected in their end of season results. Some of these HPNC teams had players new to the sport and for others this was their first chance to play off in "finals" netball. What a wonderful way to finish their netball season! Congratulations to all.

2019 Finalists U10's 'A Stones Throw Team'

From our tiniest players in preschool to our walking netballers of all ages, this season has seen individuals develop new skills, gain confidence, remain physically active, socially interact with others and importantly develop a sense of belonging to their team and the community. Winning has been a bonus to the fun had each week on court.

Through the shared experience of netball, our overall community is healthier and happier as individuals, connect and support each other through sport. We would like to acknowledge the dedication and effort from all our HPNC coaches, managers and umpires in providing the opportunity for our players to take the court each week.

We also acknowledge the wonderful support from the numerous family and friends that cheer and encourage our players each week. Several HPNC teams went away to regional gala days before their semi-final matches and we appreciate the effort and organisation that went on behind the scenes, to enable these extra opportunities for our netballers!

2019 Finalists JNR A 'iTravel Forster team'

Please refer to our Hallidays Point Netball Club Facebook page and website for more updates on walking netball, ASPIRE Development sessions for players and general netball news.

Tank's Corner

Hi to everyone – pets , owners and even to those from the dark side (Cats).

This month I would like to talk to you about a painful subject. It happens to all creatures great and small, but our owners can do a lot towards easing that pain by having our teeth checked regularly. Tartar on our teeth is obvious, but the affects it has on our health is not so obvious as it has to be extreme to stop us from eating. We end up with a particularly unpleasant breath and that is the easy part. We can get gingivitis (inflammation of the gums), abscesses, excessive smelly salivation, loss of teeth and even root tooth abscesses that often break out under our eyes!

Even the large Canine teeth can get infection with gum recession and loss of root structure which causes severe pain and difficulty in picking up our food. Loose incisor teeth (the little ones between the upper and lower canines) can make it painful to drink cold water.

To owners - If your pet has something obvious such as a wound or is lame, you seek attention for it, but teeth are neglected, and dental problems are more painful than wounds or lameness. If your pet has a heart problem, there is no delay in having it treated, so there is no reason why your pet should suffer dental problems, just because it can still run around and eat. Most, if not all, Veterinary Clinics have dental equipment and are able to attend to your pets dental problems, and, if you are so inclined, there are a number of Veterinary Specialist Dentists that can do amazing things with teeth, but the problems need to be diagnosed early as a tooth with rotten roots cannot be saved.

Once the teeth have been attended to, then giving your pet a large bone to grind their teeth on is the best way to keep the tartar off, but some dogs will not chew on bones and giving them smaller bones and soft bones such as chicken bones will not prevent tartar formation. For those pets , it is better to regularly flush the gums and teeth just by using water soaked cotton wool and run it along the gum line. This is easier to do than brushing their teeth and less likely to result in resistance from your pet. Dogs and Cats that do develop tartar on their teeth are far more likely to redevelop the tartar again within 12 -18 months if pets are left to handle it by themselves. Ask your Vet to have a look at your pet's teeth when visiting for any problems. I can feel your pets pain just by talking about it.

Lots of licks – not smelly ones . TANK

Knight Time

More or Less?

John Nash in his book 'ENOUGH', shouts from the cover that it is a cheerfully likeable manifesto for lifestyle change. That sort of thing doesn't usually excite my old brain and it didn't here until he set a paragraph on 'walking mindfully.'

He suggests that if or when you are convinced that you have absolutely no time for a walk, you relax, take note of the world around you then take just a short stroll, enough to feel your muscles. This will not only do you good but will greatly please the dog if it is part of it! He suggests finding a spot where you can do a three minute sitting or walking meditation which he suggests, you can do with your eyes open or shut. Draw yourself inwards to each of your senses in turn saying for example, now I am seeing, now I am listening, smelling etc.. When you have done this with your five senses you will find yourself experiencing your world more fully. For real benefit you should try this in bursts every hour or so to suit your time. It is worth a try don't you think.

None of us are perfect so unsurprisingly, occasionally I am taken to task for finding AMUSEMENT somewhere in each new day. Be serious I am told. Don't lighten up quite so much. Not everyone shares your humour. Why? Isn't there enough unhappiness in the world and plenty more to come?

The author Thackeray gave us his view that 'Life is a mirror. If you frown at it, it frowns back; If you smile, it returns the greeting.'

John R Murray of the London publishers of that name put together his father's Publishers Collection. Jock Murray kept his commonplace book as it is called, which became a legend in his lifetime. He would dip into it if he had to give an address as President of the English Association or perhaps a short speech at a god- daughter's wedding or some such.

On one occasion to excuse its brevity, he found a useful opening. It was a mother whale's advice to her young. 'Beware my dears, it is when you are spouting that you are most likely to be harpooned.'

This valuable collection is comprehensive and contains much humour from around the world.

In the lobby of a Moscow hotel across from a Russian Orthodox monastery he found this notice punctuation free. "You are welcome to visit the cemetery where famous Russian and Soviet composers, artists and writers are buried daily except Thursday".

Up to date at this time when our parliament is busy setting the legislation around abortion, I found this:

One doctor to another:

"About the termination of pregnancy — I want your opinion. The father was

syphilitic. The mother tuberculous. Of the children born, the first was blind, the second died, the third was deaf and dumb, the fourth tuberculous. What would you have done?"

"I would have ended the next pregnancy" said his colleague
 "Then you would have murdered Beethoven".

Tony

Water Restrictions

Moderate water restrictions came into force across the MidCoast region from Monday 2 September – with MidCoast Council warning that tighter restrictions could follow in the coming weeks.

"We're asking everyone across the MidCoast to ensure they are complying with these restrictions, which are mandatory," said Council's Director of Infrastructure and Engineering Services, Rob Scott.

"The weather forecasts and our predictions of water usage indicate that we may need to increase restrictions, possibly as early as October."

Moderate restrictions mean that you can water outside using hand-held hoses, for one hour every second day, before 9am or after 4pm. Garden irrigation systems may only be used for 15 minutes as part of the one-hour allocation.

If your house number is an even number, water on the even days of the month; for houses with odd numbers, water on the odd days of the month, and there's no watering at all on the 31st day of any month. This includes topping up home pools.

In addition, use buckets, with trigger hose rinsing for washing cars and boats. If possible, always wash vehicles and flush boat motor engines on grassed areas - this will help keep your lawn alive!

Outdoor cleaning of driveways, paved areas, windows, walls and roofs should all be undertaken using buckets only.

The restrictions apply to households, businesses and public areas – with Council restricting their watering of parks and public areas also.

Council says that the community's sustained efforts to conserve water during this winter, and good management of the water supply, meant that water restrictions were avoided during an exceptionally dry winter.

"We have always appreciated the high level of cooperation from our community in times of restrictions, and we thank everyone for their efforts to save water now. We are facing a very dry spring and we will be relying on community support to conserve our water supplies and make it through this incredibly dry time."

You can keep updated about water restrictions by following Council on Facebook, or visiting our water restrictions page for fact sheets, guidelines and more information about how MidCoast water use is managed.

Delivering for our region

If there is an issue of a Federal nature you wish to raise with me, please feel free to drop me a note via mail or email, or contact my office.
